

Meet your new doctor...*

* with ZERO medical qualifications!!!

Meet your new doctor. His name is Tedros Ghebreyesus.

Despite having **ZERO medical qualifications**, he is about to become the arbiter of your health and your family's health for the **rest of your life**.

He is the former health minister and foreign minister of Ethiopia, covered up 3 cholera epidemics affecting a rival tribe, and was chosen by the **Chinese communist party** and the United States to run the **World Health Organization**.

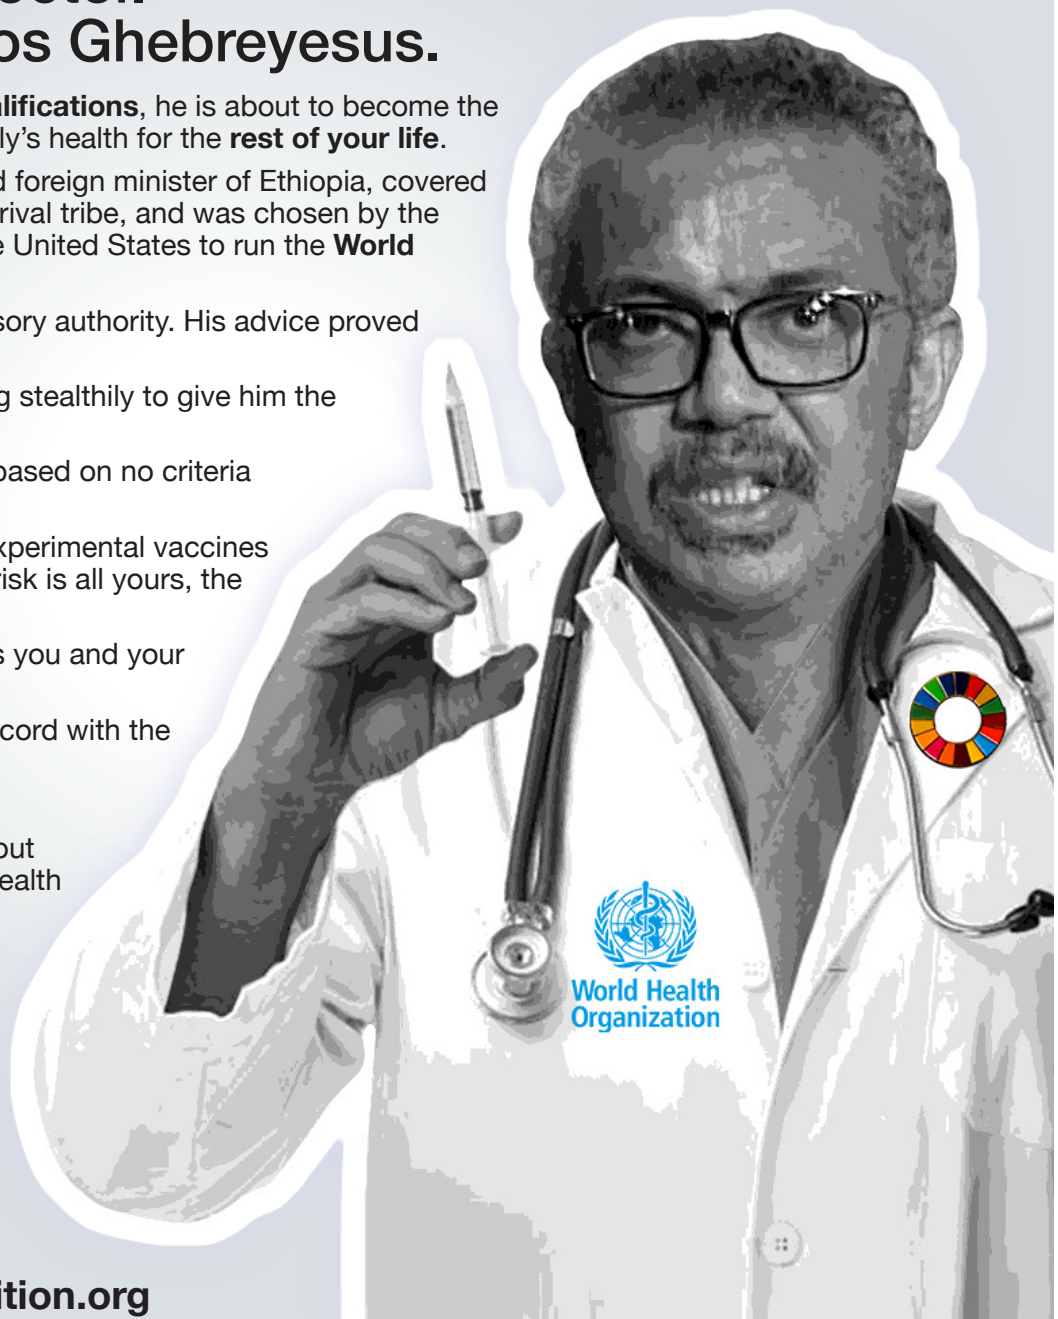

During COVID-19 he only had advisory authority. His advice proved disastrous!

The Biden Administration is working stealthily to give him the power to;

- Call a public health emergency based on no criteria whatsoever
- Force you to receive untested experimental vaccines that come with no liability—the risk is all yours, the profit is all Pharma's
- Prevent access to the medicines you and your doctor choose
- Censor speech that does not accord with the WHO
- Impose lockdowns
- Give orders to 196 countries about how they must manage public health
- Require nations to pay for his massive Biosecurity Agenda
- Surveil your online activities and your medical records.

If we don't stop them before **May 27, 2024**, all of us will be surrendering our personal medical freedom and national sovereignty to Dr. Tedros.
